

Webinar Wednesday

MidAtlantic AIDS Education and Training Center

University of Pittsburgh • Graduate School of Public Health • Department of Infectious Diseases and Microbiology

Save the Date

Continuing Education Provided

Time: noon-1:15pm ET

AIDS Free Pittsburgh: November 30, 2016 Starting the Conversation About Testing

Program Overview

As a result of this program, learners will have increased knowledge about the importance of routine HIV testing and how to incorporate HIV testing into their clinical practice.

Upon completion, participants will:

- Describe current HIV epidemic in Allegheny County
- Define current clinical HIV treatment options
- Identify necessary information for HIV testing and resources for incorporating HIV testing into practice

Intended Audience

Physicians, Physician Assistants, Nurses, Nurse Practitioners, Social Workers, Case Managers, and other members of the HIV treatment team
