## What is the FTCCAR?

The Federal Training Center Collaborative - Atlantic Region (FTCCAR) develops and implements a variety of training activities aimed at increasing, improving, and integrating services provided to communities vulnerable to Hepatitis, HIV/AIDS, other STIs, Substance use/abuse, Tuberculosis and unplanned pregnancy.

These activities include:

- Audio conferences
- Centralized conferences/trainings
- Medical updates
- Mini-residencies
- Resource materials on the FTCCAR website [www.ftccatlantic.org](http://www.ftccatlantic.org)
- Webinars
- ... & more.

The FTCCAR is a partnership of federally funded training centers primarily serving the states of Delaware, Maryland, Pennsylvania, Virginia, West Virginia and the District of Columbia. These centers are supported by the Department of Health and Human Services (DHHS) through grants and cooperative agreements with the Centers for Disease Control and Prevention (CDC), the Health Resources and Services Administration (HRSA), the Office of Population Affairs (OPA), and the Substance Abuse and Mental Health Services Administration (SAMHSA).
