## Opioids and Pain Management

May 24, 2017

### **Program Overview**

The purpose of this webinar is to enable participants to understand opioid use in patients with HIV and discuss the importance of pain management.

Upon completion, participants will be able to:

- Explain opioid pharmacology
- Demonstrate importance of pain management
- Describe FDA updates on opioid use and statistics on opioid epidemic

### **Intended Audience**

Physicians, Physician Assistants, Nurses, Nurse Practitioners, Social Workers, Case Managers, and other members of the HIV treatment team

### **Disclosure**

Faculty/Planners disclose no conflict of interest relative to this educational activity.

**PSNA:** The MidAtlantic AIDS Education and Training Center is an approved provider of continuing nursing education by the Pennsylvania State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

This activity qualifies for 1.0 contact hours.

### **Featured Speaker**

**Parth Soni, Pharm.D**

Clinical Pharmacist

George Washington University Hospital  
The George Washington University

Dr. Parth Soni graduated from Howard University, College of Pharmacy with a PharmD. degree in 2011, and then attended Psychopharmacology

Fellowship at Howard University with Dr. Frederic Lombardo. Currently Dr. Soni works at The George Washington University Hospital as Clinical Staff Pharmacist and Continuing Education program co-chair. At GW, he participates in the pain rounds on Ortho/Neuro floor that he started about four years ago. He also participates in stroke rounds, oncology rounds, and is on the chemotherapy safety committee and on an opioid use task force, which advocates rational opioid prescribing. As a CE program co-chair, Dr. Soni assists in organizing ACPE accredited CE seminars for local pharmacists and pharmacy technicians twice a year.

Dr. Soni is also a guest lecturer at the Marymount University, Nurse Practitioners Program for Advanced Pharmacology and Howard University, College of Pharmacy for Integrated Therapeutics class.
