WHAT'S NEW UPDATE STI, HIV, HEPATITIS, FAMILY PLANNING, AND ADDICTIONS

Conference Description

This conference will focus on the integration efforts that support a collaborative healthcare approach. Current medical updates in services for STIs, HIV, hepatitis, family planning and addictions will be discussed.

After completing this conference, the learner should be able to:

1. State current practice in the care and treatment of STDs, HIV, opioid addictions and mental health.
2. Explain how to screen clients for substance abuse issues
3. Identify Populations at risk for HIV/STIs/Mental Health and Substance Use Disorder
4. Demonstrate effective team skills by sharing information effectively, listening and responding to feedback from others, and using simple communication.
