

Ending the Epidemic: Prevent Archived Webinars

MidAtlantic AIDS Education and Training Center

University of Pittsburgh Graduate School of Public Health Department of Infectious Diseases and Microbiology

All Archived Webinars available on our website: www.maaetc.org/events/browse/archive

EHE Virtual Grand Rounds: HIV Testing Technologies

Description: The purpose of this webinar is to describe types of HIV testing technology available in clinical and community setting, to identify current models for implementing routine HIV testing in clinical and community settings, and to discuss tools and resources for choosing HIV test kits and how to implement test kit protocols.

Originally Recorded: 12/17/2020

<https://www.maaetc.org/events/view/16963>

HIV Prevention for Adolescents

Description: The purpose of this webinar is to describe key aspects of adolescent risk factors of HIV and disparities of HIV risk for adolescents, to identify methods of HIV prevention for adolescents including biomedical prevention (PrEP), and to discuss tools and resources to provide HIV prevention services for adolescents.

Originally Recorded: 10/21/2020

<https://www.maaetc.org/events/view/16560>

Educating Health Professionals on Messaging for U=U

Description: The purpose of this webinar is to describe key aspects of 'undetectable equals untransmittable' and treatment as prevention, to identify clear messaging for health professionals to educate patients on importance of medication and adherence, and to discuss U=U as a part of the Ending the HIV Epidemic Initiative.

Originally Recorded: 9/29/2020

<https://www.maaetc.org/events/view/16411>

PrEP, U=U, TasP during COVID-19

Description: This webinar will describe PrEP and its importance, U=U, and adherence, discuss barriers faced with current pandemic and steps being taken to ensure patient adherence, and identify future strategies for adherence and address how telehealth can be used in conjunction with PrEP.

Originally Recorded: 7/23/2020

<https://www.maaetc.org/events/view/16299>

Accessing Pre-Exposure Prophylaxis (PrEP)

Description: The purpose of this webinar is to describe the process of coding for PrEP in WV and PA, discuss the implementation of billing for PrEP, and compare the different payment options for PrEP.

Originally Recorded: 7/15/2020

<https://www.maaetc.org/events/view/16081>

Importance of PrEP in Primary Care: Urban

Description: The purpose of this webinar is to define pre-exposure prophylaxis (PrEP), discuss the importance of implementing PrEP in an urban primary care setting, describe the process of prescribing PrEP, and discuss strategies for leveraging resources in an urban area.

Originally Recorded: 7/8/2020

<https://www.maaetc.org/events/view/16080>

Ending the Epidemic: Prevent Archived Webinars

MidAtlantic AIDS Education and Training Center

University of Pittsburgh Graduate School of Public Health Department of Infectious Diseases and Microbiology

All Archived Webinars available on our website: www.maaetc.org/events/browse/archive

Importance of PrEP in Primary Care: Rural

Description: The purpose of this webinar is to define pre-exposure prophylaxis (PrEP), discuss the importance of implementing PrEP in a rural primary care setting, describe the process of prescribing PrEP, and discuss strategies for leveraging resources in a rural area.

Originally Recorded: 6/24/2020

<https://www.maaetc.org/events/view/16077>

Implementation of HIV Routine Testing

Description: The purpose of this webinar is to describe the process of implementing HIV routine testing into a CHC and to discuss the challenges and opportunities associate with implementing routing HIV testing.

Originally Recorded: 6/17/2020

<https://www.maaetc.org/events/view/16075>

HIV Routine Testing: Why Its Important

Description: The purpose of this webinar is to define HIV routine testing, to list three reasons to implement HIV routine testing into your community health center, and to describe how to discuss routine HIV testing with patients and clinic staff.

Originally Recorded: 6/10/2020

<https://www.maaetc.org/events/view/16074>

Vital Role of Community Health Centers

Description: The purpose of this webinar is to describe the four pillars of the Ending the HIV Epidemic Plan for America, define the role of community health centers in Ending the Epidemic (EHE), discuss the actions community health centers can implement related to EHE.

Originally Recorded: 6/3/2020

<https://www.maaetc.org/events/view/16073>

Community Intervention: Syringe Services Program

Description: The purpose of this webinar is to enable participants to increase their knowledge of syringe services programs and applying harm reduction philosophy to workplace environments.

Originally Recorded: 3/3/2020

<https://www.maaetc.org/events/view/15698>

Adolescent Health: Engaging Adolescents in Healthcare

Description: The purpose of this webinar is to enable participants to increase their knowledge regarding adolescent engagement in healthcare, decreasing stigma and improving health outcomes especially in LGBTQIA adolescents.

Originally Recorded: 1/22/2020

<https://www.maaetc.org/events/view/15690>

Ending the Epidemic: Prevent Archived Webinars

MidAtlantic AIDS Education and Training Center

University of Pittsburgh Graduate School of Public Health Department of Infectious Diseases and Microbiology

All Archived Webinars available on our website: www.maaetc.org/events/browse/archive

Pre-Exposure Prophylaxis (PrEP): Minors and Consent Laws

Description: The purpose of this webinar is to enable participants to increase their knowledge regarding the ethical, legal, and policy considerations associated with providing PrEP to minors.

Originally Recorded: 8/7/2019

<https://www.maaetc.org/events/view/15684>

AIDS Free Pittsburgh: An End to the Epidemic Initiative

Description: The purpose of this webinar is to enable participants to increase their knowledge regarding one current effort to end the epidemic and the strategies communities and cities can use to decrease the number of HIV and AIDS cases.

Originally Recorded: 7/24/2019

<https://www.maaetc.org/events/view/15683>

HIV and Women: Barriers to Care

Description: The purpose of this webinar is to enable participants to increase their knowledge of barriers that women face accessing HIV care as well as strategies to facilitate improved access to care.

Originally Recorded: 5/8/2019

<https://www.maaetc.org/events/view/15677>

HIV and Women: PrEP

Description: The purpose of this webinar is to enable participants to increase their knowledge of drivers and barriers to PrEP uptake and retention among women at risk for HIV.

Originally Recorded: 5/1/2019

<https://www.maaetc.org/events/view/15676>

HIV Prevention: PrEP for Adolescents

Description: This webinar will enable participants to increase their knowledge of best practices for prescribing PrEP to adolescents based on the recent FDA approval of PrEP for use in adolescents.

Originally Recorded: 3/27/2019

<https://www.maaetc.org/events/view/15672>

HIV Prevention: nPEP and PrEP

Description: The purpose of this webinar is to enable participants to increase their knowledge of how to properly prescribe and monitor nPEP and PrEP.

Originally Recorded: 3/13/2019

<https://www.maaetc.org/events/view/15671>

HIV Prevention: Engaging Youth

Description: The purpose of this webinar is to enable participants to increase their knowledge of innovative strategies and approaches to engage youth in HIV prevention and clinical services.

Originally Recorded: 3/6/2019

<https://www.maaetc.org/events/view/15670>

Ending the Epidemic: Prevent Archived Webinars

MidAtlantic AIDS Education and Training Center

University of Pittsburgh Graduate School of Public Health Department of Infectious Diseases and Microbiology

All Archived Webinars available on our website: www.maaetc.org/events/browse/archive

HIV Prevention: Harm Reduction for IDUs

Description: The purpose of this webinar is to enable participants to increase their knowledge of harm reduction and how it can be utilized to prevent HIV infections among injection drug users.

Originally Recorded: 2/27/2019

<https://www.maaetc.org/events/view/15669>

HIV Prevention: Challenges in Rural Areas

Description: The purpose of this webinar is to enable participants to increase their knowledge of best practices to deliver effective HIV prevention and treatment in rural settings.

Originally Recorded: 2/13/2019

<https://www.maaetc.org/events/view/15667>

Looking Forward: Lessons Learned from 30 Years of the HIV Epidemic

Description: The purpose of this webinar is to enable participants to increase their knowledge of the history of the HIV/AIDS epidemic and how it will shape the future of HIV care and prevention efforts.

Originally Recorded: 12/15/2018

<https://www.maaetc.org/events/view/15663>

Back to School: STI Testing and Treatment

Description: The purpose of this webinar is to enable participants to increase their knowledge of STI symptoms, risk factors, and screening protocols as they apply to college students and young adults.

Originally Recorded: 9/12/2018

<https://www.maaetc.org/events/view/15657>

HIV Pre-Exposure Prophylaxis and Women

Description: The purpose of this webinar is to enable participants to increase their knowledge of culturally competent care practices when discussing HIV and PrEP with foreign-born women.

Originally Recorded: 2/14/2018

<https://www.maaetc.org/events/view/15652>

Implementing Routine Testing in a Methadone Treatment Site

Description: This webinar will enable participants to increase their knowledge of medication assisted treatment centers and their role in providing HIV and HCV testing.

Originally Recorded: 1/24/2018
