

The Pennsylvania/MidAtlantic AIDS Education and Training Center provides HIV/AIDS-related training and technical assistance to healthcare providers in Delaware, the District of Columbia, Maryland, Ohio, Pennsylvania, Virginia, and West Virginia. The purpose of the project is to increase the providers' capacity to provide high-quality HIV/AIDS care within the region's healthcare systems.

The AETC Program supports a national network of regional and several national centers that conduct state-of-the-art HIV/AIDS clinical consultation, education, and training programs. The AETCs focus on improving the care of people living with HIV/AIDS by increasing the number of healthcare providers who are able to counsel, diagnose, treat, and medically manage persons with HIV infection and to decrease HIV transmission by promoting risk reduction.

Supporting and complementing the regional training centers are several national, cross-cutting components of the AETC program, including the National Minority AETC, the National Resource AETC, the National Evaluation AETC, and the National Clinicians Consultation Center.

HIV/AIDS CLINICAL CONSULTATION SERVICE

A resource for healthcare providers caring for
persons with HIV/AIDS and managing
occupational exposures to blood-borne pathogens

PENNSYLVANIA/MIDATLANTIC AIDS EDUCATION AND TRAINING CENTER CLINICAL CONSULTATION SERVICE

The Pennsylvania/MidAtlantic AETC recognizes the complicated issues of providing quality HIV/AIDS care for clinicians and the healthcare team. The AETC training and consultation is focused on building the clinical capacity of providers, agencies, and programs in providing quality HIV clinical care. The Pennsylvania/MidAtlantic AETC offers clinical consultation in order to assist treating clinicians such as physicians, dentists, nurse practitioners, physician assistants, and nurses in clinically managing persons with HIV disease.

The Pennsylvania/MidAtlantic AETC Clinical Consultation Service has been established to provide convenient and accessible clinical consultation with HIV experts to clinicians within the AETC region. This includes Delaware, the District of Columbia, Maryland, Ohio, Pennsylvania, Virginia, and West Virginia.

To access the Pennsylvania/MidAtlantic AETC Clinical Consultation Service:

- Call the toll-free number listed below
- Follow the voice prompt to select the correct site in your state
- You will be transferred to the appropriate local performance site of the AETC
- If you call during normal business hours (9 a.m.–5 p.m. EST), your call will be answered directly
- If it is after 5 p.m. or the local site is not available, you will be (1) asked to leave a message and the site will return your call within 24 hours, or (2) given the option of calling the National Clinicians' Consultation Service (9 a.m.–8 p.m. EST).

The Pennsylvania/MidAtlantic AETC Center Headquarters is located at the University of Pittsburgh Graduate School of Public Health in Pittsburgh, Pennsylvania. For more information visit www.pamaaetc.org or call one of our local performance sites:

PENNSYLVANIA/MIDATLANTIC HIV/AIDS TELEPHONE CONSULTATION LINE

1-866-664-AETC (1-866-664-2382)

Patient-specific clinical guidance is provided to healthcare professionals from around the region. Care providers are put in contact with HIV/AIDS experts from their own area. These local experts are familiar with local resources, laws, and practices in each area, enabling them to give the best information to care providers in their area.
