Introductions

- Your name, site and city
- Your role in PrEP

Debra provides some background on this project...

Partnership

Health Resources and Services Administration (HRSA) Bureau of Primary Health Care (BPHC) supports this initiative to partner with Ending the HIV Epidemic-funded FQHCs in the MAAETC region

The University of Pittsburgh, School of Public Health, Department of Infectious Diseases is administering the project in partnership with MidAtlantic AIDS Education and Training Center (MAAETC) regional partners in the federally-funded Ending the HIV Epidemic jurisdictions (Philadelphia, Baltimore and Washington, DC) along with the National Clinician Consultation Center (NCCC) at University of California San Francisco (UCSF) which operates the “Warmline”, providing HIV treatment consultation with clinicians throughout the United States.

Project Eligibility:

Philadelphia, Baltimore and Washington DC Federally Qualified Health Centers (FQHCs) funded by the Bureau of Primary Health Care via the EHE initiative

This project is supported by HRSA Bureau of Primary Health Care and HRSA HIV/AIDS Bureau Grant No. U10HA29295

Our Goals for this Community of Practice

- Provide an opportunity to learn from your FQHC colleagues in Baltimore, Philadelphia and Washington, DC about PrEP implementation
- Share your site's measurable goals to begin/advance/expand its PrEP program
- Serve as peer consultants to each other regarding challenges and successes in Primary Care HIV Prevention*

*PCHP....the latest CDC acronym, pronounced P-Chip ;-)

Community Agreements

- **Attendance by your site at all CoP Sessions, 5 Thursdays noon to 1pm:**
 - Oct 13
 - Nov 10
 - Jan 12
 - March 9
 - May 11
- **Promote the December, February, April and June webinars to your teams**
- **Share honestly about the HIV prevention challenges/successes at your health center**
- **Respect confidentiality of site specific issues shared by your colleagues.**

“Lessons leave, but stories stay.”

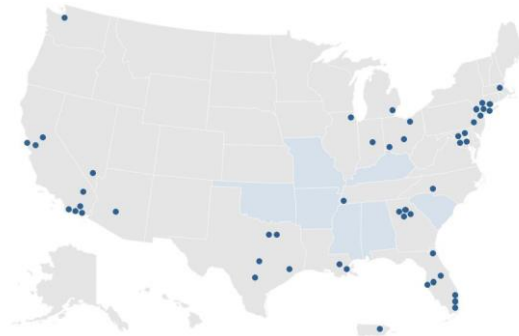

Ending the HIV Epidemic in the U.S.

GOAL:

75%
reduction in new
HIV infections
by 2025
and at least
90%
reduction
by 2030.

FOCUSED EFFORT

- 48 counties, DC, and San Juan account for 50% of new HIV diagnoses in 2016.
- 7 states with the most substantial HIV diagnoses in rural areas.

Led by HHS

Ending the Epidemic

Diagnose all people with HIV as early as possible.

Treat people with HIV rapidly and effectively to reach sustained viral suppression.

Prevent new HIV transmissions by using proven interventions, including pre-exposure prophylaxis (PrEP) and syringe services programs (SSPs).

Respond quickly to potential HIV outbreaks to get needed prevention and treatment services to people who need them.

Your CoP Experience/Expectations: Please unmute and tell us . . .

- Any experience in other CoPs....what worked, what didn't?

And/Or

- One thing you hope to get out of this CoP series?

Goal Setting

aka:

What we measure, we can change.

What baseline measurements did your site use when you were beginning its PrEP program?

- Rate of routine HIV testing?
- Frequency of sexual history taking?
- Number of PrEP prescriptions?
- Adherence to PrEP follow up visits and/or prescription refills?
- Others??

Goal Setting Sheet as a tool

A tool we've adapted from the national AIDS Education and Training Center's Practice Transformation project...

What Areas Do You Want to Focus in Future CoP Sessions?

- Educational topics?
- Site-specific T/A?
- Patient Education Tools?
- Advice on utilizing population health data from your Electronic Health Record system?
- Other?

Any final
thoughts/questions/comments?

Abby's session wrap up...

Sharing Your Goals/Progress/Pitfalls

- Other sessions, you will hear more from *each other* than from us!
- This CoP is for you to *talk to each other*, with MAAETC as support for follow up resources/training/TA.
- So...we need volunteers to share your site's PrEP program issues/successes and get advice from and/or share promising practices with your peers....
- *Choose your month!* (2-3 sites share per session):
 - Nov 10
 - Jan 12
 - March 9
 - May 11

Upcoming Events

- FQHC Webinar Series, open to ALL FQHC staff
(registration links will be live soon)
- Topics chosen from feedback from BPHC CoP participants in 2021-22
- CME and Nursing Credits
- Noon to 1pm second Thursdays the months our CoP does NOT meet:

Upcoming Learning Sessions- Open to all audiences

- **PrEP Clinical Updates-** 12/08/2022, 12-1pm
 - *Shanna Dell, BS, BSN, RN-* Moore Clinic, Johns Hopkins Hospital
- **PrEP Protocols: Assessing Patient & Health Center Readiness-** 02/09/23, 12-1pm
 - *James L. Huang, MD, FAACP*
- **Sexual History Taking: Key Tool in HIV Prevention-** 04/13/23, 12-1pm
 - *Barbara Wilgus, CRNP-* STD/HIV Prevention Training Center, Johns Hopkins School of Medicine
- **PrEP Outreach: Strengthening Connections with Community Partners-** 06/08/23, 12-1pm
 - *Moderator: Emily Halden Brown-* Ending the HIV Epidemic Montgomery County Public Health Services; *Panel: TBD*

Register for sessions now at:

Evaluation...because we all know:

**If we don't have a
written record, it
didn't happen...**

Our programs are free of charge,
but the price is your **TIME** to
participate and provide your
EVALUATION FEEDBACK

See eval link in chat...please
complete **NOW**.

**We have a lovely
parting gift
for you!**

Post Test feedback

- See link in chat – please take time to complete our required HRSA post-program evaluation now
- All participants completing each CoP post test will receive a \$25 Amazon gift e-card card as our thank you.
- If you want this gift card link sent to an email OTHER than the work email we have for you, please contact gilironen@healthfederation.org

Stay in touch with your local MAAETC site...

Standardized Patient PrEP Preceptorship

- Pilot to give opportunity to practice patient interaction about introducing PrEP
- We had both a CRNP prescriber and an RN patient coordinator participate in the May standardized patient session
- Feedback?
- Questions?
- Suggestions for future use of this learning technique?
